

# What is The ROBO PEACE?

The ROBO PEACE is robot accessories created from the electronic parts of the PC.

They are fun and you will be soothing.

We do not use Adhesive or Soldering iron but stainless steel wires to make parts of PC into sharps.

It is an art work of Ms. Aya Endo( CEO of UTRIVRAI) and Mr. Kei Yumehiro (Art producer).

There are more than 500 characters of ROBO PEACE.

**The ROBO PEACE is loved by a lot of people.**

\* The utility models and trademark are now registered according to the technical manufacturing method.
